

STANDARD

19A NCAC 02E .1103 - LOCATION OF TODS:

TODS signs are only installed at intersections. This may include the through side of an intersection after a turn, such as on a roadway just beyond a turn (**), providing the on-site sign for the business is not visible from that location.

Business on Mainline

* Possible Sign Location

** Optional Location Instead of Advance of Intersection.
Only one of the Through Locations Permitted
